OTHER INFORMATION

Running orders are posted automatically to all competitors. However, in an effort to reduce costs, we are now sending out running orders via email instead to members who supply their email address on the entry form. The running order will be sent as a pdf, a file that is easily opened using Adobe Acrobat Reader which is free from Adobe and usually supplied on all computers but can also be downloaded from the Adobe website (www.adobe.com). It will print on A4 paper, which is the normal size for desktop printers. If you are in any doubt about your computer's ability (or indeed your own) to handle email attachments and pdfs, we can still send you a running order in the post. Anyone who does not supply an email address will automatically receive their running order in the post as usual. In order to receive your running order via email please include your email address on the details overleaf. Running orders will also be available to download from our website in case you accidentally mislay the email, with spare printed versions available on the day.
